

Product Code	Nominal Dimensions
SLC-CT-REC-LT SLC-CT-REC-RT	N/A

Description

The Secure Large Carrier™ Run End Connector Left/Right with welded end cap is used to end a run of Secure Large Carrier™ Raceway. Two (2) manufactured mounting points allow simplified, labor-saving installation. The upper mounting point aligns with the mounting point on the end of adjoining raceway. Four (4) integrated one-inch spacers stand the connector and raceway off the wall. The Run End Connector also allows a transition to a 1" Through-Wall Kit. Use the Run End Connector Left (SLC-CT-REC-LT) for raceway runs that end to the left. Use the Run End Connector Right (SLC-CT-REC-RT) for raceway runs that end to the right.

Specifications

- 16-gauge electro-galvanized steel
- Two (2) manufactured mounting points
- Four (4) integrated one-inch spacers allow 360° inspection
- Packaged individually
- Weight: 2.75 lbs

Powder Coat Finish: White Textured
