

Product Code SMD-TW-007-12 SMD-TW-007-24	Nominal Dimensions 1" x 12" 1" x 24"				
Description <p>This Secure Mini Dukt™ Through-Wall Kit provides a 1" through-wall pathway from a section of Secure Raceway, Secure Raceway Connector, or Enclosure to Secure Mini Dukt™ Tube. It is supplied in kits with 12" or 24" NPT threaded pipe and one internally threaded Interface Sleeve (INF). By designing the Secure Mini Dukt™ INF with internal rather than external threads, Holocom improved installation efficiency in concrete walls by eliminating the need for a larger diameter coupler and corresponding larger concrete core.</p>
