

Product Code SMD-WM-MB	Nominal Dimensions 5" x 2" x 1"	
Description The Secure Mini Dukt™ Mounting Bracket serves a dual purpose by providing the installation point for attaching Secure Mini Dukt™ Tube to the wall and securely holding two ends of Tube together. EMT, by contrast, requires both straps and connectors to achieve a secure attachment to the wall. The two-piece Mounting Bracket contains a built-in stopper on both sides of the manufactured mounting point. This simplifies installation and allows for a 2" overlap of Tube or 090 Connector with the Mounting Bracket without covering the mounting hole. The Mounting Bracket Bridge aligns with the stopper inside the Mounting Bracket, covers the mounting point, and provides security.		
Specifications <ul style="list-style-type: none"> • Length 5" x Width 1.6" x Height .9" • 18-gauge electro-galvanized steel • Weight .34 lbs • Manufactured mounting point along center line • Bridge slides inside Mounting Bracket, covering mounting point and providing security Powder Coat Finish: White Textured
